VEHICLE DETAILING

Buffing

Removes very light swirl marks & fine scratches to revive, add gloss & depth to paintwork.

From £20

Advanced Buffing

From £40

Clay Bar Treatment

Using a clay bar will remove embedded surface contamination that still remains after a maintenance wash. Sometimes the contamination removed is not always visible on the paint to the naked eye. After using a clay bar on your paint you will be left with a surface that is as smooth as glass and properly prepped ready for polish to be applied or layers of protection.

From £40

Not only can you clay your vehicles paint, but glass, wheels, lights and more.

Alloy Wheel Detailing

Caring for your wheels consists of properly removing contamination, polishing them to a high shine, then protecting them to make maintaining your wheels significantly easier. Stubborn brake dust can often be difficult to remove, but usually can be restored to a like new finish with the proper products and tools.

£100

Paint Protection

Paint sealants extend the life of your paintwork by protecting it from UV radiation, road salts, industrial fallout, etching, acid rain and just about anything else which is harmful to paintwork.

Auto Glym Life Shine Paint Protection

Application Only £199
With Aftercare Pack £230

Jewelultra Diamondbrite Paint Protection

Application Only £130
With Aftercare Pack £199

Silver Seal Paint Protection

Application Only £130
With Aftercare Pack £199

BOAT VALETS

Making sure that your boat is well cared for includes keeping both the inside and outside looking as good as possible. Depending on the type of vessel that you have, this can include quite a lot of work below deck to keep the cabins fresh and clean. Our service includes vacuuming all areas, and polishing of windows and timber, as well as deep cleaning of the galley. Yacht cleaning is a business we take seriously and every appliance in the galley is included in our thorough service. As with our other services, the valeting can be tailored to meet your personal requirements.

Please call for a quotation

Other Services we provide:

- Conservatory Cleaning
- Patio / Driveway Cleaning & re-sealing
- Gutter Cleaning - Domestic & Commercial
- Commercial High Level Interior Cleaning
